Something Fun

Something New

Through Their Eyes

Real moments. Real memories. Through the eyes of our little visitors.

A Little Spooktacular Magic

Some days are special not because of what we do, but because of the people we get to share them with.

At this year's Spooktacular, CMS was filled with a little Halloween magic and a whole lot of happiness. Little princesses, brave superheroes, spooky characters, and all kinds of creative costumes brought the museum to life. Every little visitor seemed to have a character to become and an adventure of their own to enjoy.

There were clues waiting to be discovered, pumpkins ready for a little imagination, colorful faces, and friendly witches handing out sweet treats to our little trick-or-treaters. And the best part? The grown-ups joined in too! Parents searched for clues alongside their children, shared in their excitement, and made the day just as much their own adventure.

Amid all the costumes, candy, laughter, and little discoveries, it was the simple moments that meant the most — a child proudly showing off their costume, a parent sharing a laugh with their little one, or a family enjoying one more moment together.

These are the moments that remind us why CMS is so special. We're creating more than a place for children to play and explore. We're creating a place where families connect, imaginations come alive, and little moments become memories that last long after the costumes are put away.

Because at CMS, the sweetest part of every adventure is the memories we make together.

Little Voices, Big Smiles

"I am not scared of witches... they gave me lots of candy!"

— Friend of the Museum, Age 5
